

DRYCAST RELEASE

According to Regulation 29 CFR 1910.1200, Regulation (EC) No. 1272/2008 (CLP)(GHS), Hazardous Products Regulation (HPR) (WHMIS 2015)

#### Section 1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier **Product Form** Trade Name **Product Code** Use 1.2.2 Uses Advised Against No additional information available 1.3 Details of the supplier of the safety data sheet Manufacturer

Mixture DRYCAST RELEASE DCR

1.2 Relevant identified uses of the substance or mixture and uses advised against

Industrial. For professional use only.

NOX-CRETE, INC. 1444 SOUTH 20<sup>TH</sup> STREET OMAHA, NE 68108 Tel: 402-341-2080

Fax: 402-341-9752 E-Mail: corporate@nox-crete.com

Web Site: www.nox-crete.com

**1.4 Emergency telephone number** 

**Emergency Number** 

Chemtrec (800) 424-9300 Chemtrec Outside of U.S. 703-527-3887

#### Section 2. Hazards identification

### 2.1 Classification of the substance or mixture

Asp. Tox. 1 H304

Full text of H phrases see section 16 Adverse physiochemical, human health and environmental effects No additional information available 2.2 Label elements Hazard pictograms

Signal word

Hazard statements

**Precautionary statements Prevention:** 

**Response:** 

Danger

H304 - May be fatal if swallowed and enters airway

P301+P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.

DRYCAST RELEASE

According to Regulation 29 CFR 1910.1200, Regulation (EC) No. 1272/2008 (CLP)(GHS), Hazardous Products Regulation (HPR) (WHMIS 2015)

Storage: **Disposal:**  P331 - Do NOT induce vomiting

P501 - Dispose of contents/container in accordance with local/regional/national/international regulations. None known.

### 2.3 Other hazards

Full text of H and P phrases: see section 16

#### Section 3. **Composition / information on ingredients**

#### 3.1 Substances

### Not applicable 3.2 Mixture

| Name                               | Product identifier | %            |
|------------------------------------|--------------------|--------------|
| Hydrotreated Petroleum Distillates | Trade Secret       | Trade Secret |
| Highly Refined Base Oil            | Trade Secret       | Trade Secret |

Pursuant to 29CFR 1910.1200(i) the specific chemical identity (and / or) concentration may be withheld as Trade Secret, while all health and safety properties and effects are included in the SDS. Balance of other ingredients are nonhazardous or less than 1% in concentration (or 0.1% for carcinogens, reproductive toxins, or respiratory sensitizers).

#### First aid measures Section 4.

| Symptoms/injuries after skin contact<br>Symptoms/injuries after eye contact<br>Symptoms/injuries after ingestionresult in headache, nausea, drowsiness or dizziness.<br>May cause skin irritation or burning sensation<br>May cause eye irritation or injury<br>Swallowing this material may be harmful. Ingestion can cause<br>gastrointestinal irritation, nausea, vomiting and diarrhea.<br>Aspiration into lungs may cause chemical pneumonia and lung damage.  | 4.1 Description of first aid measures   |   |
|---|---|---|
| First-aid measures after skin contactbreathing seek a healthcare professional immediately. Remove to fresh<br>air and keep at rest in a position comfortable for breathing.<br>In all cases of doubt, or when symptoms persist, seek medical advice.<br>If skin irritation persists, seek medical attention. Remove or take off<br>immediately all contaminated clothing. Wash off immediately with soap<br>and plenty of water.First-aid measure after eye contactWhen contact lenses are worn, remove if possible. In case of contact<br>with eyes, rinse immediately with plenty of flowing water for 10 to 15<br>minutes while holding eyelids apart. If irritation persists, get medical<br>attention immediately.First-aid measures after ingestionMay cause irritation to the respiratory tract. Overexposure to vapors may<br>result in headache, nausea, drowsiness or dizziness.Symptoms/injuries after skin contact<br>Symptoms/injuries after ingestionMay cause skin irritation or burning sensation<br>May cause eye irritation or burning sensation<br>May cause eye irritation or burning sensation<br>May cause eye irritation or burning and diarrhea.<br>Aspiration into lungs may cause chemical pneumonia and lung damage. | First-aid measures general              |   |

DRYCAST RELEASE

According to Regulation 29 CFR 1910.1200, Regulation (EC) No. 1272/2008 (CLP)(GHS), Hazardous Products Regulation (HPR) (WHMIS 2015)

| 5.1 Extinguishing media                    |  |
|--|--|
| Suitable extinguishing media               | Use fire-extinguishing media appropriate for surrounding materials.    |
|  | Dry chemical, foam, carbon dioxide                                     |
| Unsuitable extinguishing media             | Do not use heavy water stream  |
| 5.2 Special hazards arising from the subst | ance or mixture  |
| Reactivity                                 | Thermal decomposition products may cause a health hazard.              |
| 5.3 Advice for firefighters                |  |
| Firefighting instructions                  | This material may release vapors when heated above ambient             |
|  | temperatures. Vapors can cause a flash fire. Use water spray or fog to |
|  | cool exposed containers.   |
| Protective equipment for firefighters      | Firefighters should wear self-contained breathing apparatus (SCBA) and |
|  | full protective gear when fighting any chemical fire.                  |
| Other information                          | On heating or burning harmful gasses/vapors may be released.           |
|  | This product may cause the floor to become slippery.                   |

## Section 6. Accidental release measures

|  | <u>6.1</u> | Personal | precautions, | protective | equipment | and emerge | gency | procedures |
|--|------------|----------|--------------|------------|-----------|------------|-------|------------|
|--|------------|----------|--------------|------------|-----------|------------|-------|------------|

| <b>6.1</b> Personal precautions, protective equip | ment and emergency procedures  |
|---|--|
| General measures                                  | Eliminate any ignition sources. Dike or impound spilled material. Take     |
|   | proper precautions to ensure your own health and safety before             |
|   | attempting spill control or cleanup.                                       |
| 6.11 Protective Equipment                         | Equip cleanup crew with proper protective equipment.                       |
|   |  |
| 6.2 Environmental precautions                     | Prevent entry to sewers and public waters.                                 |
|   | Notify authorities if liquid enters sewers or public waters.               |
| 6.3 Methods and materials for containment         | t and cleaning up  |
| Methods for cleaning up                           | Soak up spills with inert solids, such as clay or diatomaceous earth.      |
|   | Collect into vapor tight containers and dispose of properly.               |
|   |  |
| Ocation 7 Handling and stars                      |  |
| Section 7. Handling and storage                   |  |
| 7.1 Precautions for safe handling                 |  |
| Protective measures                               | Wash hands and other exposed areas with soap and water before              |
|   | eating, drinking or smoking and when leaving work. Provide good            |
|   | ventilation in work areas to prevent formation of vapor. When not in use   |
|   | keep containers tightly closed. Avoid breathing vapor or mist.             |
| Hygiene measures                                  | Wash contaminated clothing before reuse.                                   |
|   |  |
| 7.2 Conditions for safe storage, including        |  |
| Storage conditions                                | Store in accordance with local regulations. Store in original container in |
|   | a cool well-ventilated place. Keep containers tightly closed until ready   |
|   | for use.   |
| Incompatible materials                            | Acids, prolonged contact with aluminum, brass, bronze, copper, lead,       |
| ·   | tin, zinc or other alkali sensitive metals or alloys                       |
| Storage temperature                               | Store in a cool dry environment away from sources of ignition.             |
|   |  |

## Section 8. Exposure controls/personal protection

# 8.1 Control parameters

| Ingredient name Occupational exposure limits |                              |  |
|--|------------------------------|--|
|  | ACGIH TLV (United States)    |  |
| Hydrotreated Petroleum Distillates           | TWA: 5 mg/m3 8 hours as mist |  |
| Highly Refined Base Oil                      | TWA: 5 mg/m3 8 hours as mist |  |

DRYCAST RELEASE

According to Regulation 29 CFR 1910.1200, Regulation (EC) No. 1272/2008 (CLP)(GHS), Hazardous Products Regulation (HPR) (WHMIS 2015)

| Appropriate engineering controls | Use with adequate ventilation to keep product vapor concentrations below specified TLV   |
|----------------------------------|--|
| Eye and face protection          | Chemical goggles and/or face shields are recommended to prevent potential eye contact, irritation or injury.   |
| Skin protection                  | Wear chemical resistant gloves and appropriate protective clothing and<br>boots as required to prevent skin contact. Wash exposed skin<br>frequently with soap and water. Soiled clothing should be laundered<br>before reuse. |
| Respiratory protection           | General room ventilation is normally adequate. Avoid breathing the product mist or vapors. The use of an appropriate respirator is recommended whenever the airborne concentrations exceed the TLV.                            |

## Section 9. Physical and chemical properties

| 9.1 Information on basic physical and chemical properties |                                      |  |
|---|--------------------------------------|--|
| Appearance  | Clear to pale straw liquid           |  |
| Odor  | Mild                                 |  |
| Odor Threshold  | No data available                    |  |

The information and recommendations contained herein are, to the best of Nox-Crete, Inc's knowledge and belief, accurate and reliable as of the date issued. You can contact Nox-Crete, Inc. to ensure that this document is the most current available from Nox-Crete, Inc. The information and recommendations are offered for the buyer's/user's consideration and examination. It is the buyer's/user's responsibility to satisfy themselves that the product is suitable for the intended use. Appropriate warnings and safe-handling procedures should be provided to all handlers and users. Since conditions for use of the product are not under the control of the manufacturer, it is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Since the information provided herein may have been obtained in part from independent laboratories or other sources not under our direct supervision, no representation is made that the information is accurate, reliable, complete or representative and buyer/user may rely thereon only at their risk. We have made no effort to censor or to conceal deleterious aspects of this product. Further, since we cannot anticipate or control the many different conditions under which this information or our products may be used, we make no guarantee that the health and/or safety precautions we have suggested will be adequate for all individuals and /or situations involving its handling or use. Likewise, we make no guarantee or warranty of any kind that the use or disposal of this product is in compliance with all federal, state or local laws. It is the obligation of each buyer/user of the product mentioned herein to determine and comply with the requirements of all applicable statutes. If buyer/user repackages this product, it is the buyer's/user's responsibility to ensure proper health, safety and other necessary information is included with and/or on the container. Nox-Crete, Inc. urges each customer or recipient of this SDS to study it carefully and consult appropriate expertise, as necessary or appropriate, to become aware of and understand the data contained in this SDS and any hazards associated with this product. Alteration of this document is strictly prohibited. Except to the extent required by law, re-publication or retransmission of this document, in whole or in part is not permitted.

### Full text of H and P phrases

Asp. Tox. 1 - Aspiration hazard, hazard category 1

Asp. Tox. 1 H304

H304 – May be fatal if swallowed and enters airway. P301+P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. P331 - Do NOT induce vomiting. P501 - Dispose of contents/container in accordance with local/regional/national/international regulations.
