JOINT-SHIELD™

Temporary Floor Joint Filler for Tilt-Up Construction

Features

- Coextruded, pre-molded, PVC temporary joint filler
- Effectively covers and seals saw cut joints in casting/floor slabs
- Flexible wings eliminates concrete seepage into saw cut joints and resulting wall panel surface defects
- Eliminates concrete wall panel fins and costly grinding and patching
- Leaves minimal trapezoidal reveal for less and easier patching
- Quickly installs and is reusable
- Sold in 8ft. (2.4m) strips with 100 strips per box
- Fits 1/4" and 1/8" saw cuts
- Easy to trim/cut
