

PERFECT POWER SPRAYER

chemical solutions to concrete problems

The most advanced battery-driven power sprayer currently available specifically designed for spraying Nox-Crete products in harsh conditions the construction industry is known for.

- Gear pump with enclosed housing for maximum durability and performance vs diaphragm-style pumps which are known for pressure variations and reliability issues
- Onboard computer maintains pressure and volume for consistent application rates and automatically adjusts for viscosity variations
- Automatic run-dry shut-off to prevent damage to pump
- Equally suited for use on 55 gallon drums or 5 gallon pails
- Heavy-duty stainless spray gun and wand
- For use with all Nox-Crete bondbreakers, form release agents, curing compounds, cure and sealers, densifiers, water repellents and most decorative sealers to include products utilizing VOC exempt solvents
- Eliminates downtime from filling tank canisters, hand-pumping, or re-fueling gas-powered sprayers

Hose included:
 50ft. with drum kit (Part# PPS-D)
 5ft. with pail kit (Part# PPS-P)

SPECIFICATIONS

Pump Voltage	20-24 Volts
Flow Rate	0.10 to 0.60 GPM
Operating Pressure	60 PSI
Self Priming	Up to 10 vertical feet
Battery Life	Varies depending on the amp hour (Ah) rating of the battery selected as well as pressure and flow rate setting

FEATURES

- Chemical-resistant gear pump with the ability to self-prime
- Integral on-off switch and automatic run dry shut-off
- Powder-coated finish
- Corrosion-resistant hardware and fittings
- Works with DeWalt® lithium batteries
- Easy clean-up
- Quick disconnect fittings on output hose
- Maintains constant flow
- Maintains constant pressure
- 5-gallon bucket inlet assembly
- 55-gallon drum inlet assembly
- 5ft. and 50ft. hose sections with spray gun and 24in. wand

CHEMICAL COMPATIBILITY

The Nox-Crete Perfect Power Sprayer can be used for applying Nox-Crete bondbreakers, form release agents, curing compounds, cure and sealers, densifiers, water repellents and most decorative sealers. If you have any questions regarding Nox-Crete product compatibility with this sprayer, please contact Nox-Crete at 402-341-2080.

CLEANING

Clean with water, mineral spirits or xylene. See specific Nox-Crete product literature for specific cleaning solvent recommendations.

AVAILABLE OPTIONS

- Extra hose lengths of 50 ft. with fittings are available
- Spray tip and wand variations
- 55-gallon drum dolly
